He was reminded of the Emergency Measures Act and advised that he could not block any critical infrastructures. After discussion he was looking at parking legally on Main Street East downtown and lining the sidewalks with protesters with signs and placards. He was not to impede any movement of traffic or pedestrians. Said this was to be peaceful and respectful. Was looking to do this at 1pm. Had other organizers involved and he was to relay the information. Litterature on legal protest (PLT pamphlet) was sent by email to [REDACTED] He would keep in contact with PLT if there were any changes in plans. Hawkesbury Detachment to be notified and kept informed by PLT.

Eamer- PLT were provided information from an individual from Cornwall advising that there is chatter about construction equipment being transported from the west with the intent of using machines against police vehicles. Reliability unknown as same person previously indicated that a convoy of 250,000 American trucks are headed to the Windsor Bridge. Information passed along for follow up.

Dubois- Some of the truckers who left on foot who were with [REDACTED] returned to area to ask police if they could take their trucks with them. In order for this to happen a Winnebago needed to be moved that was blocking Sussex. Ultimately that Winnebago owner refused to leave and ended up getting arrest. Once police move the Winnebago this should allow approx. 4 bobtail trucks to leave the Rideau/Sussex intersection. PLT are standing by as they work to have the Winnebago removed.

Per entry at 0751 which indicated POU walking with PLT. PLT were out in front and ahead. POU were at a distance back moving one vehicle at time to clear before moving to next. PLT would have to send a member back to POU to indicate an arrest needed to be made up ahead where PLT were messaging.
